ATTN OF: Migratory Bird Biologist, Manteo, NC

SUBJECT: Coordinated Aerial Waterfowl Surveys

TO: Participants

It is time for our coordinated waterfowl surveys again. We have settled on a schedule (1st and 3rd weeks on Wednesdays). This year's suggested survey dates are given below. Try to do your surveys on these dates if possible. If not try to be no more than +/- 3 days from the date.

The Web Site for aerial and/or ground data entry and storage is ready for your use. I encourage each of you to enter your own data ASAP after your surveys , hopefully within no more than 3 days. If you have any questions about it call me. The site is:
